

Cover yourself.

Some things should not be shared with your patients.

It's a precaution that should be part of your daily practice. Smead offers a full line of antimicrobial products that stop the growth of bacteria, mold, fungus and mildew. They're FDA-approved, acid-free, and the antimicrobial properties never wear out. Now that's something we can all feel better about.

GENUINE SMEAD ANTIMICROBIAL PATIENT CHARTS.

KEEPING YOU ORGANIZED®
